Description:

USA TODAY bestselling author Alexa Riley's first full-length novel shows just what happens when a strong, possessive man finds the woman of his dreams. I'll never forget the way she looked, so confident and sure of herself. I watched her from a distance. She wasn't ready for me yet. I didn't approach her and I didn't disturb her, but I never once took my eyes off her. Mallory Sullivan is ready to start her new life. After graduating

at the top of her class, she's landed one of the most coveted internships in the United States. Hard work and determination have gotten her to this moment of living the life she only dreamed of while growing up in foster care. From the start, I knew that she would be my greatest achievement, so the day I let her go, I set down a path for her. A path to me. She never expected Oz to be the greatest culmination of those dreams. But sometimes fate determines who you fall in love with. Who makes you lose control. Who owns your soul. And then you realize it wasn't fate at all. . . I've wanted to care for and protect her since the first moment I saw her. I've constructed everything in our lives so that at the perfect moment, I could have her, could give her the life she deserves. The time has come.

I loved this book so much. I always read the reviews of other people before I buy a book and I almost didn't buy this one because of a review I read. The person said there was abuse in this book by the H. Let me be clear that there is NOT abuse in this book by the H. He never touches her and would never touch her like that. I am so glad I went with my gut and bought this book. Yes, the H is a bit crazy and if this was a true story, then it would be a bit creepy, but this is fiction and this story was great. Can't wait for the next book of Paige and Captain!
